Helaform have been present in the U.K. market for over 20 years

The co-operation with Barrier Components Ltd, which is located in Purfleet, Essex, just a few miles east of London, has been very successful and profitable for both parties over the past two decades. The technical excellence of Finnish products is widely recognized, and Finnish quality and reliability are famous all over the world. According to a survey, which was conducted in England in 2005, Finland was ranked as the most honest nation in the world. Barrier Components Ltd support these qualities with outstanding customer services.

Barrier Components Ltd hold a very comprehensive product range of Helaform's sliding door systems and their staff have a deep knowledge of their applications. The close cooperation between the two companies, regarding new products and know-how, ensures that their staff are continuously upgrading their skills in order to respond to the latest demands from the British market for sliding door systems. Barrier Components Ltd is well regarded as a company that only supply products of the highest quality. The company is continuously looking to renew and update their product range by gathering information from customers.

The Company's premises at Dolphin Point consist of modern sales and administration offices and also a very large stock warehouse. This ensures that they can make fast daily delivery consignments to all over Britain and Ireland. In fact over 20 kilometres of Helaform Sliding Door Track having been supplied throughout the UK during the last 12 months. With the Helaform range always in stock the items are normally dispatched on the same day they are ordered. The Helaform brand is also widely known in Ireland where Barrier Components have been particularly successful.

The company employs 12 people. The Barrier Components Ltd's website prominently displays the Helaform products, please visit:

<http://www.barrier-components.co.uk>

The site also contains a convenient online shop, where Helaform's products can be ordered online but with sales staff always ready to advise on the correct system. The Company's webpage also emphasizes the range of its activities and issues such as: customer satisfaction, quality, flexibility, long-term cooperation and partnership with its customers.
